Mplayer

```
- Down     pause/unpause.
- Up       returns to normal replay.
- Right
  Left     skips back/forward 10 seconds.

- Red      enters jump mode. Enter the number of minutes/precent
           you wants to jump with the number keys. Press "left"
           to jump backwards, "right" to jump forward and "up"
           to jump to the absolute position. Press "blue" to toggle
           the jump unit between minute (m) and percent (%).
           Any other key cancels jump mode.

- Blue     aborts playback.

- Back     aborts playback and returns to MPlayer menu.

- Ok       toggles progress display.

- 1        decrease audio delay by 0.1

- 2        increase audio delay by 0.1

- 3        increase MPlayer osd level

In addition the "Volume+","Volume-" and "Mute" keys are routed
to MPlayer.
